

We Are Looking For

A SHORT-TERM MINE PLANNER

We are looking for a candidate, who will be based in the Northern Cape on a fulltime basis, to start on the 1st April 2023 (or as soon as possible).

RESPONSIBILITIES

- Effective planning, including the provision of timely and accurate monthly production schedules and the formulation of drill and blast designs
- Support and participate in a team environment, achieving outlined goals through collaboration and providing expert advice around industry standards
- Stakeholder engagement and management, working with relevant parties to identify, prioritise and address issues
- Client relationship management, managing expectations and providing accurate and effective planning services to all stakeholders

REQUIREMENTS

- Minimum: B.Tech or B. Eng. Bachelor's degree in mining
- 2 - 4 years' planning experience with a consultancy or mining company
- Experience in both open pit and underground mining methods and planning strategies as well as manganese, iron ore, coal, base metals and diamond will be an advantage
- Full competency in relevant mine planning software

**SUBMIT YOUR CV TO CAREERS@UKWAZI.COM BY
24 MARCH 2023**
